SUBLIME SLEEP

the world's best mattresses

SAVOIR BEDS	HISTORY	CLAIM TO FAME	PRICE	CONTACT
	<p>The company began in 1905, making beds exclusively for London's Savoy hotel. After sleeping on a Savoir, Emma Thompson and several members of the Aga Khan family ordered beds for their homes.</p>	<p>The beds, tailored to the sleeper's preferences, take some 60 hours to make by hand in the company's West London factory. Savoir believes it takes several weeks for a mattress to adapt to your body; the company will adjust the bed to make it firmer or softer.</p>	<p>From \$17,560 for a king set</p>	<p>New York The Fine Arts Building 5th Floor, 232 East 59th Street New York, NY, 10022</p> <p>Washington Hines & Co: Washington Design Center # 310,300 D Street SW Washington, DC 20024</p> <p>LA George Smith 142 North Robertson Boulevard, Los Angeles California, CA 90048</p>
