Bed set-up

STEP 1

Carefully remove the two layers of plastic or paper layers protecting the pair of mattresses and pair of divan bases.

STEP 2 - Mattress & Divan

At the cloth bag stage, remove this layer - you will need to remove the rough hand stitching.

STEP 3 - Mattress & Divan

When stitching is removed, remove the cardboard protectors then gently slip the cloth bag off.

STEP 4 - Divan base

At this stage fit the legs or castors to the divan.

STEP 5 - Divan

Link the two divan bases at the head and foot with the brass linking bar, this will be underneath the bed set for upholstered beds.

STEP 6 - Mattress

With divan bases linked, place the mattress on top of the divans, the labels on the mattress should be facing up.

STEP 7 - Mattress (Zipped)

Link the two divan bases at the head and foot with the brass linking bar, this will be underneath the bed set for upholstered beds.

The bed is now ready to be fitted with a headboard.
